	Since early September 1950 the mobilization of reservists has been reduced. Although calls to active duty continue, only those reservists in special services are mobilized. The period of mobilization is usually sixty days, although in some cases reservists serve for ninety days. At the end of their tours of duty reservists are demobilized and others called up in their places.		
3,	"Important" ormy maneuvers were recently conducted	in the Slatina area.
